FAIZA RAZZAQ BALOCH

IT INTERN | PROJECT MANAGEMENT | DATA & AI

PROFESSIONAL SUMMARY

IT intern at i.c.stars, Chicago's intensive technology and leadership program, serving as Project Manager for a team that successfully delivered an AI model. Hands-on with Python, SQL, Power BI, and Microsoft Fabric, plus HTML and CSS. Brings 2+ years of experience in a regulated, high-pressure workplace in Germany, where accurate digital records, strict privacy standards, and calm problem solving were part of every shift. Seeking an entry-level role in IT support, data analysis, or junior development.

TECHNICAL SKILLS

Programming & Web: Python, SQL, HTML5, CSS3

Data & AI: Microsoft Power BI, Microsoft Fabric, AI model development, data cleaning and analysis

Tools & Software: GitHub, Microsoft Office (Word, Excel, Outlook, PowerPoint), Windows

IT Support: Technical troubleshooting, digital documentation, data entry, standard operating procedures, data privacy and confidentiality

Professional: Project management, team leadership, presenting to stakeholders, clear communication with non-technical users, adaptability

IT EXPERIENCE

IT Intern | i.c.stars, Chicago, IL

Aug 2026 - Present

- Built and delivered an AI model as part of a 17-member cohort organized into 4 project teams, taking the project from planning to a successful final presentation.
- Served as Project Manager for one of 4 teams: planned and assigned tasks, tracked progress against deadlines, coordinated with the other teams, and presented results in clear, non-technical language.
- Used Python to prepare data and develop the model, and wrote SQL queries to extract, clean, and analyze data.
- Created reports and visualizations in Power BI and worked with data in Microsoft Fabric to turn results into clear insights.
- Debugged code and solved technical problems as a team, documenting steps and solutions in GitHub.

PROFESSIONAL EXPERIENCE & EDUCATION

PROFESSIONAL EXPERIENCE

Bremer Heimstiftung | Bremen, Germany

Dec 2022 - Apr 2025

Nursing Assistant | Mar 2023 - Apr 2025

- Maintained accurate, confidential digital records for residents every shift, following German data privacy rules (GDPR).
- Used computer-based documentation systems and Microsoft Office daily to record care, update schedules, and support administrative tasks.
- Identified problems early and escalated them through the correct channels, keeping clear written records for the next shift.
- Communicated with nurses, doctors, and families in German and English in a fast-paced, team-based environment.

Nursing Assistant Trainee | Dec 2022 - Mar 2023

- Completed structured on-the-job training in documentation, safety procedures, and workplace standards; promoted to Nursing Assistant on completion.
- Learned new systems and workflows quickly while working within an established care team.
